

MONACO VIDEO MEDIA

VISUAL COMMUNICATION SOLUTIONS

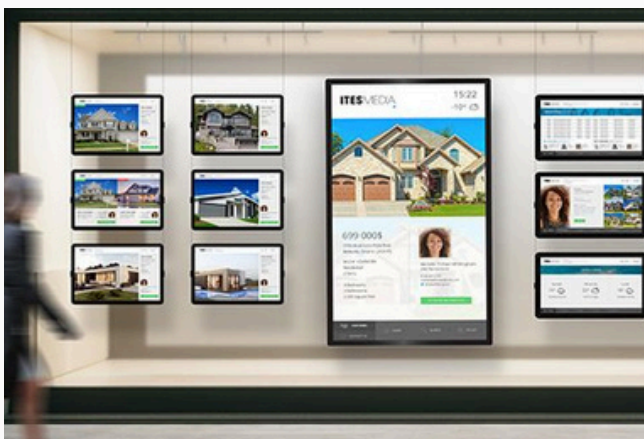

Custom LED Displays • Advanced Digital Signage Technologies

With over 21 years of expertise in digital signage, MONACO VIDEO MEDIA designs, develops, and delivers high-performance display solutions tailored to every environment.

Specialized in next-generation technologies, we offer custom-sized LED screens – standard or fully bespoke – to meet the most demanding visual communication needs.

Strategically located in Monaco, our company ensures high reactivity through our local infrastructure, including logistics and on-site after-sales service.

WINDOW DISPLAYS

High Brightness Screens

Grab attention with ultra-bright, 24/7 screens that remain clearly visible even under direct sunlight. Perfect for showcasing promotional content, day and night.

OUTDOOR DISPLAYS

Weatherproof, high-brightness LED screens (IP56 certified), built to withstand extreme heat, humidity, and sunlight. Guaranteed visibility and performance, even in harsh outdoor conditions.

INDOOR DISPLAYS

High-resolution LED screens adapted to various indoor settings, including transparent and semi-transparent options. Enhance your content with vivid, flexible display solutions.

SPECIAL FORMATS

Screens designed to combine promotional content, directional signage, and wayfinding. Fully modular and adaptable to unique communication environments.

DIGITAL TOTEMS

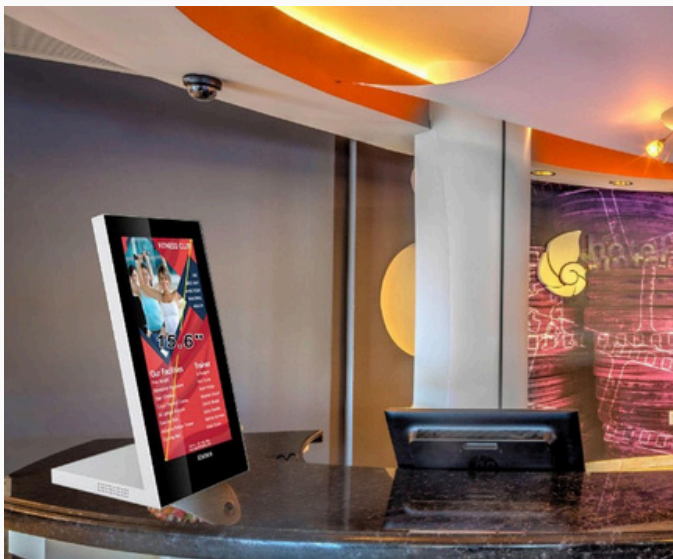

Modern, customizable multimedia totems – single or double-sided – ideal for displaying informative or promotional content. Also available with interactive touch options for enhanced user engagement.
